00:00

It's now 6:35 p.m. I'd like to call this city council meeting of January 22, 2026, to order. Could I have a roll call please?

City Administrator Mike Korposh 00:15

Council person Cosner, here. Councilman Nestor, present. Council person Thomas. Councilman Orzechowski, here. .Mayor Mozer. Three members present and I note a quorum.

Linda Matthews 00:17

Father God, we come to you this evening to thank you for who you are, that you don't change, that you're all knowing, and you're all powerful, Lord. We thank you for what you're doing in our city. I thank you for the first responders, the servant hearted people, the police officers who go out and protect our city, for the intercessors who pray and press in for the city's success, prosperity and peace. Lord, Your Scripture tells us in Psalm 127, one, Unless the Lord builds the house, those who build it, labor in vain unless the Lord watches over the city, the watchman stays awake in vain. So, I thank You, Lord that you are active in our city. We look to you for guidance, for the path that we're to take, help us to work together to make this a great city on a hill, Lord God, and we just praise you and thank you for who you are and all you do. In Jesus name. Amen. Thank you.

Councilman Orzechowski

Pledge Allegiance, please.

All 01:37

I pledge allegiance to the flag of the United States of America and to the republic for which it stands, one nation under God.

Councilman Orzechowski 01:54

I'd like to make a motion to approve the minutes of the previous work session of January 8, 2026. Is there a second?

Councilwoman Karen Cosner 02:09
Second.

Councilman Orzechowski 02:09
Any questions on the minutes?

Councilman Orzechowski 02:13
Please call the roll.

City Administrator Mike Korposh 2:14
Council person, Cosner, yes. Councilman Nestor? Councilman Orzechowski, yes.

Councilman John Nestor 02:19
Aye , I'm sorry, I'm out of it today.

Councilman Orzechowski 02:23
No, I liked your second but I'm sorry, Mike, go ahead.

City Administrator Mike Korposh 02:28
Council person Cosner, yes. Councilman Orzechowski, yes. Motion passes.

Councilman Orzechowski 02:34
Okay, thank you. At this time, we'll take any public comment on agenda items only.

Ernie Telegraphis 02:59
Since the Mayor is not here, who could expound? Mike, the administrator, could you expound on page two, why is there a motion to remove requirements for applications for the boards and commissions within the City of Monessen? What is that? About requirements? On page 2d?

City Administrator Mike Korposh 03:40
I think we'd like to wait for that to be brought up by the membership, because they have some ideas and suggestions on how we would deal with that. Okay, but it's to revamp and look at the current state of what is required for applications to Boards and Commissions.

Ernie Telegraphis 04:00
What's the latest on EMS? You have something about "approve and accept" motion dispatch instructors. You mean they're operating without any instructions? No. Then what's it about

Councilman John Nestor 04:21
That's a list that we have to do every year that has a structure of when we call, who we call on different areas, like, let's say if a plane crashes, who's the next one who responds to those calls? That's totally different from what the Mayor was mentioning. This is totally different.

Ernie Telegraphis 04:42
That's it on those two agendas.

Councilman John Nestor 04:45
Thank you.

Councilman Orzechowski 04:50
Anyone else?

Delmar Hepple 05:07
Delmar Hepple, 1821 Service Lane. Second page on the contract for Supernova. Mike, is there any chance that we can hold off on that until the Union views this contract? I'm trying to save everyone's time. Thank you.

Councilman Orzechowski 05:25
Thank you. Chief. Anybody else?

Stephen Major Jr.5:36
I have a question regarding one of the neighborhoods. When would I discuss that?

Councilman Orzechowski 06:01
Probably at the end of the meeting.

Stephen Major Jr.5:6:03
I'll ask someone to make a clarification; I don't want to interrupt anything.

Councilman Orzechowski 06:07
Sure. No problem. Thank you. Any other questions? Okay, any correspondence? No. Solicitor, your report please.

Joseph Dalfonso 06:17
Sure. Good evening, everybody. On tonight's agenda, you'll see the Resolution that will authorize the application for a Tax Anticipation Note for 2026. Throughout the last week or so, I worked with the bank's attorney to get all the documents prepared. Those will be submitted to DCED tomorrow morning, hopefully for quick approval, and the City can close on the TAN note sometime next week, Mr. Telegraphis has brought up the appointment procedures for various Boards and Authorities. Turns out the City has an Ordinance that probably needs revised and looked at. This is better suited for a council work session. Finally, with regards to the sewage project, we got everything ironed out with Cleveland Cliffs, in terms of property access. I think the contractor actually started on one of the lines that crosses the property this week, based on my understanding, that's all I have.

Ernie Telegraphis 07:23
So, how much money are they asking?

Joseph Dalfonso 07:26
Who?

Ernie Telegraphis 07:27
Cleveland Cliffs.

Joseph Dalfonso 07:27
Cliffs, nothing.

Ernie Telegraphis 07:31
Nothing?

Joseph Dalfonso 07:31
No.

Councilman Orzechowski 07:35
Thank you, Joe. Jerry, do you have the Treasurer's Report?

Gerry Saksun 07:38
Yes, I do.

Ernie Telegraphis 07:46
Sir, you need a microphone because you won't be heard on the tape, they're dead.

Gerry Saksun 07:52
Can you hear me now?

Gerry Saksun 08:09

Okay, at this time we open the floor for public comment, Please state your name and address.

Stephen Major 26:09
Hi, sir. My name is Stephen Major Junior. I've lived in Monessen most of my life, except when I was in college and briefly married and lived in North Huntington. Pretty much lived in the same home my whole life. I try to be a good neighbor. We got a nice neighborhood. I live at 59 Center Drive. I have a video here. 1136 State Road caught on fire on December 24, 2018. I called in the 911 alarm, and it didn't go well. I saw an explosion. We had some pretty shady people living down there at the time. I try to get along with everybody. That house has been vacant for seven years. I wake up every morning and look at that, and so do all my neighbors, and we pay our taxes. Oh, incidentally, I don't know if I got the garbage notice, because it slipped my mind. I didn't see come through the mail. What's the due date on that for the garbage fee? What's the date before you got to pay the fine? Anyhow, I don't mean to be a troublemaker or to belabor the point. What's planned for that house? I helped my neighbors, the **?** sisters. Tony lives next door to me. Tony Morrow, everybody knew my dad, big Steve. He lived to be almost 102. I try to be a good guy, but this has gone on long enough. I mean, when I bought the house off the family, I'm paying a mortgage on it, I pay my taxes, I pay my bills; that's an eyesore. It's dragging the property down, besides which, it's a public safety hazard. You might have people in there squatting, vermin, animals. I've been very patient. Man, what's planned? Does anybody have any answers?

Councilman Orzechowski 28:13
Mike, can we find out if the property's on the demolition list?

City Administrator Mike Korposh 28:17
That's what I was going to do first.

Stephen Major 28:18
Seriously. I mean, I know what was done there, and I'm not gonna mention any names, okay? But they moved all that dirt. And I was told when I bought the house by a great friend of mine, the late Marvin Davis, hey, just this aside, I lived in that house most of my life. My dad built that house in 1950 .It's a great house. I love it. I got an Occupancy permit for my mortgage, and it cost about $1500 bucks, and I couldn't get an Occupancy permit unless I got GFI switches, carbon monoxide detectors, a fire door, smoke alarms, handrails all over. I mean, come to my house. Look, it's a nice house. I got this lump of crap behind me.

Councilwoman Karen Cosner 29:12
Are you talking about the house on State Road?

Stephen Major 29:15
I mean, you know, has anything been done? I mean, you know if you're going to cite people, if you're gonna fine people, fine everybody. I mean, you know, if I gotta pay my taxes and my fees, this guy's been skating for seven years, man, like anybody got questions for me, I'm a pretty nice guy. This crap's going on long enough. I get up every morning at six o'clock, drink my coffee, watch the sun come up. Damn thing is happening. Somebody's got to do something. This nonsense has gone on long enough. I mean, I sit on my back porch smoking a cigar and think, what is with this? BS, enough. I've had it. **So it's McMahon Sonny Morrow. MC. Had to strike selling his ass**. He took it off the market because he couldn't get any money for it. I ain't getting no younger, man.

Councilman Orzechowski 30:11
Yeah, just can you give us your name and address?

Stephen Major 30:13
I'm not putting nothing right. This is on record. Hi everybody.

Councilman Orzechowski 30:17
Would you please give Mike your name and address and phone number and everything?

Stephen Major 30:22
Steve Major Junior, 59 Center Drive, 724-344-9125. I answer calls, I return emails, okay, STUSH506@yahoo.com. Thank you for your time.

City Administrator Mike Korposh 30:42
I will check the demo list, the correction letters and the site letters, and I'll get back to you in the morning.

Ernie Telegraphis 30:52
Ernest Telegraphis. John Nester, can you provide some details into the EMS issue?

Councilman John Nestor 30:59
I answered your question. I actually broke down everything into details. Chief, do you want to answer his question? Because I have no time for redundancy. It says, Fire and EMS dispatch instructions.

Joseph Dalfonso 31:15
Ernie, these are the protocols of which departments get called out.

Councilman John Nestor 31:20
Which I told you all about.

Joseph Dalfonso 31:28
Your fire departments, your EMS, the neighboring fire departments.

Councilman John Nestor 31:32
Thank you, Ernie. Do you have any other questions for us?

Ernie Telegraphis 31:36
Good, general words. We got no details.

Councilman John Nestor 31:39
He's trying to answer you and you keep on talking.

Delmar Hepple 31:45
The only reason that we're making a change is that the Rostraver Central Fire Department and Rostraver Township Volunteer Fire Department No. 1 (Webster) merged to form the new Rostraver Township Fire Department. Anyone that has an alarm assignment at the old station 31, the old station 105, now have to redo their alarm assignments to show it. We have to go through all this just to satisfy the merger of Rostraver Central and Rostraver Township.

Ernie Telegraphis 32:15
I thank you for that, but they're passing words, general words with no definition, so we don't know what it is. So, I'm glad you stepped up.

Delmar Hepple 32:24
Last night, we had a house fire on Pacific Blvd. In order for 911 to know who is to come to the fire, I have to put in the information. They upload it to their CAD system, and all they do is push the button, City of Monessen structure fire, and it already punches out who's coming.

Ernie Telegraphis 32:42
Okay, so this is all in place now.

Delmar Hepple 32:45
After tonight.

Ernie Telegraphis 32:46
After tonight.

Delmar Hepple 32:46
I mean, there is a plan in place already. This will just be updated.

Ernie Telegraphis 32:50
Okay, I have one more question. All these districts that came, five or six, EMS, fire stations; who paid for all of this?

Delmar Hepple 33:01
No taxpayers paid overall.

Ernie Telegraphis 33:07
What does that mean?

Delmar Hepple 33:08
Every organization that was there the other night is a volunteer organization. Okay?

Ernie Telegraphis 33:13
So, nobody necessarily got charged for it. Do you want to be charged? No, no, I'm asking because I saw all these cars.

Delmar Hepple 33:22
And again, that was a technical rescue. Okay, so in my information at 911, for a technical rescue call for this person, the average Joe can't go 800 feet over the hillside with a rope and save somebody. You have to call people that are qualified to do that. Okay, well, we were qualified, but it was a larger scale thing than I wanted to handle.

Ernie Telegraphis 33:44
