

T-N-R

Q & A

Responsible cat management begins with a plan.

Do you have a plan?

**Monessen Cat
Management**

**Trap-Neuter-Release
(T-N-R) Q&A session**

**September 14, 2026
6:30-7:30 p.m.**

***Madison Memorial Park
9th & Knox
Monessen***

Please join ***Monessen Cat Management*** as we host a Q&A session on the **Trap-Neuter-Release (T-N-R)** process.

With experienced T-N-R folks on hand, we will educate residents on the process itself, sharing some personal stories and addressing many Frequently Asked Questions.

We will focus on the current feral/ stray cat situation in Monessen, with the goal of empowering residents to create their own plan(s) for T-N-R in their neighborhoods. We'll also share information about how to responsibly trap, and where to turn once you've got a cat in a trap.

In addition to what we will present, there will be plenty of time for questions and answers.

Monessen Cat Management will have a *limited number* of traps at the event to *loan* to City residents, who wish to begin the T-N-R process as soon as possible. These traps will be signed out and returned once the trapping process is completed.

At this time, we are looking to organize a Cat Clinic in the City, around the beginning of November. Stay tuned!
